## Individual Accreditations / Guidelines

Through accreditation you become a member of the International Association for Logotherapy and Existential Analysis in the VFI with over 150 accredited institutes in more than 40 countries worldwide. Accredited members have completed a full training program in Viktor Frankl's logotherapy carried out by an accredited institute. They work independently and in their own responsibility in areas such as counselling, coaching, psychotherapy, or in the dissemination or research in the field of logotherapy.

The accreditation process is simple and manageable and consists of the following steps:

### Step 1: Application

First of all, we kindly ask you to fill in the accreditation form available on our website and attach the documents listed there to your request and send them to us by email or post:

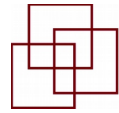

[alexander.batthyany@viktorfrankl.org](mailto:alexander.batthyany@viktorfrankl.org)

or

Prof. Alexander Batthyány, PhD  
Prinz Eugen-Strasse 18/12  
A 1040 Vienna

### Step 2: Review of documents

After receiving your documents, we will review them for their completeness and fulfillment of the formal minimum criteria. Based on this review, the board will come to a decision.

## **Step 3: Accreditation**

If the requirements for accreditation are met, an accreditation certificate will be prepared for you, which shows that for a period of two years you are accredited by the Viktor Frankl Institute in Vienna and are a member of the International Association for Logotherapy and Existential Analysis.

## **Step 4: Fees**

The fees for individual accreditation are EUR 200 for the two-year period (i.e. EUR 100/year). \_\_\_\_\_
